

The Faurecia IS plant (35 acres, 326,000 sq.ft.), is located at 101 International Boulevard, Fountain Inn (Laurens County), South Carolina, about 20 miles southeast of Greenville. The facility (670 employees) is used to produce automotive interior components—storage boxes, consoles, glove boxes, instrument panels, dash boards, bolsters, and door panels—for passenger motor vehicles manufactured in the U.S., as well as for export. Production activity involves injection molding, blow molding, painting, and assembly using domestic and foreign-origin inputs. Components and materials purchased from abroad (representing up to 25% of material value) include: polypropylene, PVC foil and sheet, rubber straps and mats, carpet sets, floor mats, fasteners, speakers, switches, airbag straps/frames/brackets, retainers, inserts and related items under HTSUS 8708.99.8080, vents, knobs, air ducts, sun visors, consoles, grab handles, plates, fabrics (Category 229) and sun shades (duty rates: 2.5–8.5%). FTZ procedures would exempt Faurecia IS from Customs duty payments on the foreign items used in production for export to non-NAFTA countries. On domestic shipments transferred in-bond to U.S. automobile assembly plants with subzone status, no duties would be paid on foreign-origin materials and components used in auto production under FTZ procedures until the finished vehicles are entered for domestic consumption, at which time the finished auto duty rate (2.5%) would be applied to the foreign-origin component parts and materials. For the individual interior components withdrawn from the proposed subzone for Customs entry, Faurecia IS would be able to choose the finished auto part duty rate (2.5%) for the foreign-origin items noted above. The application indicates that the savings from FTZ procedures would help improve the plant's international competitiveness.

In accordance with the Board's regulations, a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board.

Public comment on the application is invited from interested parties. Submissions (original and three copies) shall be addressed to the Board's Executive Secretary at the following addresses:

1. *Submissions via Express/Package Delivery Services:* Foreign-Trade Zones Board, U.S. Department of Commerce, Franklin Court Building-Suite 4100W, 1099 14th Street, NW, Washington, DC 20005; or,

2. *Submissions via the U.S. Postal Service:* Foreign-Trade Zones Board, U.S. Department of Commerce, FCB–4100W, 1401 Constitution Ave., NW, Washington, DC 20230.

The closing period for their receipt is [December 30, 2002]. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period [to January 13, 2003].

A copy of the application will be available for public inspection at the Office of the Foreign-Trade Zones Board's Executive Secretary at address No.1 listed above and at the Office of the Port Director, U.S. Customs Service, 150–A West Phillips Road, Greer, SC 29650.

Dated: October 18, 2002.

Dennis Puccinelli,

Executive Secretary.

Industrial Nitrocellulose from Germany: Notice of Rescission of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of Rescission of Antidumping Duty Administrative Review.

EFFECTIVE DATE: October 30, 2002

FOR FURTHER INFORMATION CONTACT: Ron Trentham or Tom Futtner, Group II, Office 4, Office of AD/CVD Enforcement, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, DC 20230; telephone (202) 482–6320 or 482–3814, respectively.

SUPPLEMENTARY INFORMATION:

Applicable Statute and Regulations

Unless otherwise indicated, all citations to the statute are references to the provisions effective January 1, 1995, the effective date of the amendments to the Tariff Act of 1930 (the Act) by the Uruguay Round Agreements Act. In addition, unless otherwise indicated, all citations to the Department's regulations are to the regulations as codified at 19 CFR Part 351 (2002).

Background

On July 1, 2002, the Department of Commerce (the Department) published a notice of opportunity to request an administrative review of the antidumping duty order on industrial nitrocellulose (INC) from Germany (67 FR 44172).

On August 27, 2002, pursuant to a request made by Wolff Walstrode AG (Wolff), a producer and exporter of INC, the Department initiated an administrative review of the antidumping duty order on INC from Germany. On October 16, 2002, Wolff withdrew its request for an administrative review of INC from Germany.

Rescission of Review

Section 351.213(d)(1) of the Department's regulations provides that a party that requests an administrative review may withdraw the request within 90 days after the date of publication of the notice of initiation of the requested administrative review. The Department is rescinding the administrative review of the order on INC from Germany for the period July 1, 2001 through June 30, 2002, because the requesting party has withdrawn its request for this administrative review within the 90–day time limit, and no other interested parties have requested a review of INC from Germany for this time period.

This notice is in accordance with section 777(i)(1) of the Act and 19 CFR 251.213(d)(4).

Dated: October 24, 2002.

Bernard T. Carreau,

Deputy Assistant Secretary for Import Administration.
